Siddipet, Telangana – 502108, India

CAREER OBJECTIVE

I'm a motivated B.Tech graduate with Strong foundational skills in Java, MySQL, Hibernate, Spring MVC, Spring ORM, Spring Boot, HTML, CSS. Seeking a software development internship or entry level jobs. Eager to apply my technical knowledge to real-world projects while learning new tools and frameworks in a collaborative and growth-oriented environment.

EDUCATION

Bachelor of Technology (B. Tech) – Computer Science and Engineering 2021-2024
KG Reddy College of Engineering and Technology, Hyderabad (7.11 CGPA)

Government Polytechnic College (Diploma) – Electrical and Electronics Engineering 2018-2021
Government Polytechnic College, Cherial (7.95 CGPA)

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Backend Technologies:** Spring Boot, Hibernate, RESTful APIs, Microservices
- **Frontend Technologies:** HTML, CSS
- **Database:** MySQL
- **Version Controls:** Git, GitHub
- **Other Tools:** Eclipse, Postman, Visual Studio Code, Spring Tool Suite

PROJECTS

Gated Community – Complaint Tracker Application

Technologies: JAVA, SERVLETS, JSP, HIBERNATE, MYSQL, HTML, CSS | Aug 2025

- Developed a web application for residents to register, track, and resolve complaints with admin-controlled status management and real-time updates.
- Implemented Hibernate ORM with MySQL for secure data handling and efficient database operations, and built a responsive JSP/HTML/CSS interface for improved user experience.

Smart Bank Management System

Technologies: Spring MVC, Spring ORM (JPA), JSP, MySQL, HTML, CSS

- Designed an online banking platform enabling secure user authentication, real-time fund transfers, and automated loan approval workflows.
- Implemented layered architecture using Spring MVC and Spring ORM (JPA) for scalable, maintainable, and high-performance application development.
- Developed a responsive, cross-browser UI with JSP/HTML/CSS, enhancing user experience and reducing transaction errors.

CERTIFICATIONS

Java Hands-on Online Course – Frontlines EduTech Private Limited (ISO 21001:2018 Certified)

- Completed Java programming and object-oriented development training, covering core Java, collections, exception handling, Lambda Expressions, Stream API's and practical coding exercises.

Web Development Certification – Internshala Trainings

- Completed a hands-on certification program covering HTML, CSS, JavaScript, Bootstrap, React and responsive web design, gaining practical experience through real-time projects and assignments.

SOFT SKILLS

- Problem Solver, Interpersonal & Effective communication
- Quick Learner & Adaptive Mindset, Analytical Thinking
